JAT REGISTRATION ANNOUNCEMENT LETTER

Dear Member:

I am pleased to inform you that in September we will again be starting our Journeyman Advancement Training Program at the Steamfitters' Local Union 420 Training Center, 14420 Townsend Road, Suite C, Philadelphia, PA 19154.

Registration for the below listed courses will be held at the Training Center on **Thursday, September 9, 2010, at 6:30 PM.**

JAT IA, IB, IIA & IIB: applicants will be accepted on a first come basis, although every effort will be made to accommodate all applicants.

ELECTRONICS I, II & III This is a three year course. The topics covered are basic electronics, Carrier Comfort Control System and Johnson Metasys.

CENTRIFUGAL COMPRESSOR OVERHAUL MINI-COURSES Registration will be conducted for members wishing to participate in any or all of the three separate Centrifugal Compressor Overhaul Courses conducted throughout the school year. They are York OT, Trane CVHE, and the Carrier 19 XL.

Backflow Testing and Repair Certification: registration will be conducted for members wishing to obtain the ASSE Backflow Prevention Testing and Repair Certification. This certification is intended for individuals who test and make repairs to backflow prevention devices attached to process water systems such as hydronic heating and cooling systems.

Commercial Oil Burner Course: This course will cover set-up and service of large oil burners including combustion control. Several large horsepower burner trainers will be used during the course.

Basic Refrigeration Course: This course will cover commercial refrigeration. Several commercial systems will be used in the training classes. Phase out of HCFC-22 and "Green Systems" will be covered.

CFC Certification: registration for EPA-608 Technician Certification training classes will also be conducted.

UA Star Exam: This exam is for an HVAC Technician Certification and was developed by the United Association and Ferris State University. It has been endorsed by the Mechanical Service Contractors of America. The test is administered by the National Inspection-Testing Corporation and covers all aspects of the trade. Review classes will be held for those wishing to take the Star Exam.

All Journeyman members are encouraged to take advantage of these training courses to improve your job skills. **Remember, there is no substitute for a **United Association skilled craftsman.****

Fraternally,

Tom Gallo
